User Manual

Aluminum Camera Mount for Motorcycle Mirror PULUZ

Description

The PULUZ mount is a reliable solution for those who want to record their motorcycle routes in a stable and safe manner. The design made from high-strength aerospace-grade aluminum alloy ensures resistance to cold, moisture, vibrations, and corrosion, allowing the mount to maintain rigidity even in challenging terrain conditions. A load capacity of up to 2 kg allows for the safe installation of most action cameras and accessories.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specifications:

Model: PU1056B

Material: Aerospace-grade aluminum alloy

Maximum load capacity: 2 kg

Weight: 0.13 kg

Single package dimensions: 10 × 8 × 6 cm

Mounting hole diameter: 10 mm

Adjustment range: 360° rotation, -90° ~ +30° tilt
