Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Tempered Glass Lens Protector PULUZ for DJI Osmo 360

Description

High-quality lens cover designed specifically for the DJI Osmo 360 camera.

Made of optical tempered glass with a hardness of 10H, it effectively protects the lenses from scratches, dust, water, and accidental impacts. Thanks to precise molding based on the original device, it fits perfectly to the camera's structure without affecting its appearance or user comfort.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product.

Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product to prevent further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification:

Model: PU791B
