Puluz · EAN 5905156101005

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Tempered Glass Screen Protector and Lens Film PULUZ for DJI Osmo Nano

Description

The PULUZ set has been created for the complete protection of the DJI Osmo Nano camera. The kit includes tempered glass for the screen and a protective film for the lens, which effectively safeguard the device against scratches, dust, water, and greasy fingerprints. Thanks to the molding based on the original DJI model, both elements fit perfectly to the camera without affecting image quality or touch sensitivity.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specifications:

Model: PU Tempered Glass + Hydrogel Film Kit

Compatibility: DJI Osmo Nano

Material: Tempered glass / hydrogel film

Glass hardness: High (scratch and break resistance)

Coatings: Hydrophobic and oleophobic

Light transmittance: High, with low reflection coefficient

Properties: Water, dust, oil, and impact resistance

Construction: Multi-layered (glass layer, smart adhesive, anti-explosion layer, PET film)

Kit weight: 0.03 kg

Package dimensions: 10 × 7.5 × 1 cm

Manufacturer:

Shenzhen SUNSKY Technology Limited

Bagua 1st Road No.614 Building / 8/F

Futian District Shenzhen

China
