User Manual

Magnetic Metal Mount PULUZ for DJI Osmo Nano

Description

The PULUZ mount is a sturdy, precisely crafted holder designed specifically for the DJI Osmo Nano. Thanks to the use of strong, double-sided magnets, attaching and detaching the camera takes just a moment, with no risk of accidental disconnection. This is the ideal solution for creators who value speed, equipment safety, and complete freedom of operation in any conditions.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged or not functioning correctly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
