Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Puluz Tempered Glass Set for DJI Osmo Action 6 (3 pcs)

Description

The Puluz tempered glass set has been designed to fully protect the front and rear screens as well as the lens of the DJI Osmo Action 6 camera. This ensures that every critical component of the device gains an effective protective layer without affecting its appearance or functionality. The high quality of workmanship ensures that the accessories maintain their properties for a long time, effectively protecting the equipment even with intensive use.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not subject the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
