Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Protective Lens Case with Tempered Glass Puluz for Insta360 X4 Air

Description

The Puluz protective case is a robust safeguard designed for the complete protection of the lens of the Insta360 X4 Air camera. The construction combining PC material and optical tempered glass effectively protects the most exposed elements of the device from scratches, impacts, dirt, and moisture. Thanks to high light transmittance and special coatings, the accessory does not affect image quality, allowing for full clarity of recordings regardless of conditions. Additionally, the simple installation allows for quick mounting and dismounting of the cover, facilitating cleaning and preparing the camera for subsequent shots.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer

service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
