User Manual

Puluz Magnetic Adapter with Quick Release for DJI Osmo Action 6 / Nano

Description

The Puluz magnetic adapter with quick release for DJI Osmo Action 6 and Nano is a practical accessory designed for creators who expect quick mounting, secure holding, and full freedom of recording in any conditions. The combination of a strong magnet, metal lock, and non-slip silicone pad guarantees stability even during dynamic shots, while the lightweight and durable construction makes the adapter perfect for both everyday use and outdoor recordings.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), cease use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
