User Manual

Puluz Waterproof Diving Case for Insta360 X4 Air (up to 50m)

Description

The Puluz waterproof diving case for Insta360 X4 Air is a professional protection designed for recording spectacular underwater shots without compromising image quality. The precisely fitted design, full waterproofing up to 50 meters, and an invisible spherical optical system allow for capturing smooth 360° panoramas even in demanding conditions. High-quality materials, resistance to impacts, scratches, and fogging, as well as solid steel components, make the Puluz case a reliable solution for those who want to safely use their Insta360 X4 Air camera during water sports while maintaining full creative freedom and a professional final effect.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer

service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification

Model: PU1064T

Compatibility: Insta 360 X4 Air

Weight: 0.41 kg
