User Manual

Puluz Multifunctional Adapter with Quick Release for DJI Osmo Action 6 / Nano

Description

The Puluz multifunctional adapter with quick release is a compact yet professional solution for creators who want to work faster, more confidently, and without limitations. It combines instant magnetic mounting with a solid aluminum construction and a precise locking system, ensuring stability even during dynamic shots. The angle adjustment and the ability to expand the set with additional accessories make the adapter perfectly adaptable to various recording scenarios, offering full control over the frame and maximum convenience from the very first seconds of use.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not subject the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another

specialist.
