Metal Protective Housing with Cold Shoe Mount Puluz for DJI Osmo Action 6

Description

The Puluz metal protective housing is a proposal for creators who expect solid protection, full functionality, and the freedom to expand their setup without losing work comfort. The lightweight yet exceptionally durable aerospace aluminum construction effectively protects the camera from impacts and shocks while maintaining full access to buttons, ports, the battery, and the memory card. Thanks to compatibility with the original DJI quick-mount system, support for vertical and horizontal recording, and a cold shoe mount for additional accessories, the Puluz housing becomes a reliable tool for anyone who wants to record faster, safer, and more professionally.
