

User Manual

PULUZ 360 Degree Rotation Bike Aluminum Handlebar Adapter Mount with Screw for GoPro, Insta360, DJI and Other Action Cameras(Black)

Description

The PULUZ PU237B mount is an adapter designed for securely attaching action cameras to a bicycle handlebar. Constructed from aluminum, it provides 360-degree rotation, allowing precise and flexible adjustment of the recording angle. A mounting screw is included in the set to ensure stable and secure attachment. This product is compatible with GoPro, Insta360, DJI cameras, as well as other action cameras.

Intended Use

For safety and certification compliance, the product must not be modified or altered in any manner. Use of the product for purposes other than those specified may result in damage. Moreover, improper use may create safety hazards. Carefully read the user manual and retain it for future reference. All safety instructions contained within the manual must be read and strictly followed.

1. This product is not a toy. Keep this product out of the reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, intense vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not subject the product to mechanical loading.
4. If safe operation is no longer possible (the product is damaged or does not function correctly), discontinue use immediately and secure the product to prevent further use.
5. Handle the product with caution. Shocks, collisions, or dropping the product may result in damage.
6. If there are any uncertainties regarding operation or safety, please refer to a qualified specialist.
7. Should you have any questions not addressed in this manual, please contact our customer service department (email: hurt@innpro.pl, website: <https://innpro.pl> /) or consult another qualified specialist.
