

User Manual

Puluz Adapter for DJI OSMO Pocket 3 Cold Shoe 1/4"

Description

The PULUZ PU726B protective cage is engineered for the DJI Osmo Pocket 3 camera, ensuring stable and secure attachment. This product incorporates a phone holder, allowing for convenient monitoring and control during recording. Furthermore, the frame design is compatible with a variety of tripods and monopods, thereby extending mounting options. The entire assembly is finished in black.

Use in accordance with intended purpose

For reasons of safety and certification, the product must not be modified or altered in any manner. Use of the product for purposes other than those specified may result in damage. Moreover, misuse may cause hazards. Carefully read the user manual and retain it for future reference. All safety instructions contained within the manual must be read and strictly followed.

1. This product is not a toy. Keep this product out of the reach of children and animals.
2. Protect the product from extreme temperatures, direct exposure to sunlight, strong vibrations, high humidity and moisture, flammable gases, fumes, and solvents
3. Do not subject the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged or malfunctioning), cease usage immediately and secure the product to prevent any further use.
5. Handle the product with caution. Exposure to shocks, impacts, or accidental drops may result in product damage.
6. If there are any uncertainties concerning operation or safety, please consult a qualified professional.
7. Should you have any questions not addressed in this manual, please contact our customer service department (email: hurt@innpro.pl, website: <https://innpro.pl/>) or consult an appropriate specialist.
