User Manual

Puluz Tempered Glass Screen Protector for DJI RC/RC 2

Product Description

The PULUZ PU825T screen protector is tempered glass specifically designed for the displays of DJI RC and DJI RC 2 controllers. This product is engineered to protect the display from scratches and mechanical damage. It is a precisely tailored protective accessory compatible with the aforementioned controller models. The protector is transparent, ensuring the original image quality is fully preserved.

Intended Use

For safety and certification purposes, the product must not be modified or altered under any circumstances. Using the product for any purposes other than those specified may result in damage to the product. In addition, improper use may pose safety hazards. Carefully read the user manual and retain it for future reference. Please read and comply with the safety instructions provided in the manual.

1. This product is not a toy. Keep out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.

3. Do not subject the product to mechanical loads.
4. If safe operation is no longer possible (e.g., the product is damaged or malfunctioning), discontinue use immediately and render the product unusable to prevent further use.
5. Handle the product with caution. Exposure to shocks, impacts, or drops may cause damage to the product.
6. If there are any doubts concerning operation or safety, please consult a qualified professional.
7. If you have any questions not covered in this manual, please contact our customer service department (email: hurt@innpro.pl, website: https://innpro.pl/) or other qualified personnel.
