User Manual

Puluz Windscreen for DJI Osmo Action 5 Pro/4/3 (Black)

Description

The PULUZ PU987B is a high-density foam windscreen designed for DJI Osmo Action 5 Pro, 4, and 3 cameras. It is intended to reduce wind noise, thereby enhancing the quality of audio recorded under adverse weather conditions. The black color of the product ensures a seamless match with the device's aesthetics.

Intended Use

For safety and certification purposes, the product must not be modified or altered in any manner. Using the product for purposes other than those specified may result in damage to the product. Additionally, improper use may create safety hazards. Carefully read the user manual and retain it for future reference. Users must read and comply with all safety instructions contained in this manual.

1. This product is not a toy. Keep this product out of the reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, water ingress, flammable gases, vapors, and solvents.
3. Do not subject the product to mechanical loads.
4. If safe operation can no longer be ensured (e.g., the product is damaged or malfunctioning), discontinue use immediately and secure the product to prevent further use.
5. Handle the product with care. Shocks, impacts, or dropping may cause damage to the product.
6. If there are any doubts concerning operation or safety, please consult a qualified professional.
7. Should any questions arise that are not addressed in this manual, please contact our customer service department (email: hurt@innpro.pl, website: https://innpro.pl/) or a qualified specialist.
