

User Manual

Puluz Mini Octopus Tripod

Description

The PULUZ PU435 tripod is a flexible octopus-type holder equipped with a ball head. The tripod's design permits stable attachment of DSLR cameras, GoPro cameras, and mobile phones. Its dimensions measure 25 cm in height and 4.5 cm in width. The ball head allows for precise adjustment of the shooting angle, providing flexibility in framing.

Use in compliance with the intended purpose

For safety and certification purposes, it is strictly prohibited to modify or alter the product in any manner. Utilizing the product for purposes other than those specified may result in product damage. Moreover, improper use may present safety risks. Thoroughly read the user manual and retain it for future reference. The safety instructions contained within the manual must be read and strictly adhered to.

1. This product is not a toy. Keep the product out of reach of children and pets.
2. Ensure protection of the product against extreme temperatures, direct exposure to sunlight, intense vibrations, elevated humidity levels, moisture intrusion, as well as flammable gases, fumes, and chemical solvents.
3. Do not subject the product to mechanical loads.
4. If safe operation is no longer feasible due to product damage or malfunction, immediately cease use and secure the product to prevent any further operation.
5. The product shall be handled with utmost caution. Exposure to shocks, impacts, or accidental drops may result in product damage.
6. In the event of any uncertainties concerning usage or safety, it is imperative to seek guidance from a qualified specialist.
7. Should you have any inquiries not addressed within this manual, please contact our Customer Service Department (email: hurt@innpro.pl, website: <https://innpro.pl/>) or consult a qualified specialist.
