

User Manual

Puluz Silicone Protective Cover for DJI Osmo 360 (Black)

Description

The PULUZ PU790B is a silicone protective cover specifically designed for the DJI Osmo 360 camera. Manufactured from silicone, it provides effective protection against scratches. The package also includes a dedicated lens cover to protect the camera's optics. The supplied lanyard increases safety during use by reducing the risk of accidental drops. This product is available in black.

Intended Use

For safety and certification purposes, the product must not be modified or altered under any circumstances. In the event of using the product for purposes other than those specified, the product may become damaged. Moreover, improper use may result in hazards. Read the user manual thoroughly and retain it for future reference. The safety instructions provided in this manual must be read and strictly followed.

1. This product is not a toy. Keep out of the reach of children and pets.
2. Protect the product from exposure to extreme temperatures, direct sunlight, strong vibrations, high humidity and moisture, as well as flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged or malfunctions), discontinue use immediately and secure the product to prevent further operation.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any uncertainties concerning operation or safety, seek advice from a qualified professional.
7. If you have any questions that are not addressed in this manual, please contact our customer service department (email: hurt@innpro.pl, website: <https://innpro.pl/>) or consult another qualified specialist.
