

Instruction Manual

Puluz Protective Frame for Insta360 GO 3 / GO 3S (Black)

Description

The PULUZ PU881B is a plastic protective frame specifically engineered for the Insta360 GO 3 and GO 3S cameras. This product serves as a battery cover while providing robust protection for the device. Furthermore, the frame offers heat dissipation properties to support the camera's optimal operation. This black accessory integrates protective functionality with effective thermal management.

Use strictly as intended

For safety and certification reasons, the product must not be modified or altered in any manner. Using the product for purposes other than those specified may result in damage to the product. In addition, improper use may create potential hazards. Thoroughly read the user manual and retain it for future reference. You must read and comply with the safety instructions provided in the manual.

1. This product is not a toy. Keep out of reach of children and animals.
2. Protect this product against extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged or malfunctioning), discontinue use immediately and secure the product to prevent further use.
5. The product must be handled with care. Shocks, impacts, or dropping the product can cause damage.
6. In case of any doubts regarding operation or safety, please consult a qualified professional.
7. Should you have any questions not addressed in this manual, please contact our Customer Service Department (email: hurt@innpro.pl, website: <https://innpro.pl/>) or consult another specialist.
