

User Manual

Puluz Foam Windshield Reducing Wind Noise for Insta360 X5, X4, and X3, 6 Pieces (Black)

Description

A set of six Puluz foam windshields specifically designed to reduce wind noise during audio recording. Each windshield effectively minimizes unwanted noise, enhancing audio quality under adverse environmental conditions. This product is intended for use with Insta360 X5, X4, and X3 cameras. By using this accessory, users can achieve clearer audio recordings even in strong wind conditions.

Use strictly in accordance with the intended purpose

For safety and certification reasons, the product must not be modified or altered in any manner. Use of the product for purposes other than those specified may result in damage to the product. Moreover, improper use may create safety hazards. Thoroughly read the user manual and retain it for future reference. All safety instructions outlined in the manual must be read carefully and strictly adhered to.

1. This product is not a toy. Keep it out of the reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, fumes, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged or malfunctioning), immediately cease usage and secure the product to prevent any further use.
5. Handle the product with caution. Shocks, impacts, or dropping the product may result in damage.
6. If there are any doubts concerning operation or safety, please consult a qualified professional.
7. If you have any questions not addressed within this manual, please contact our customer service department (email: hurt@innpro.pl, website: <https://innpro.pl/>) or consult another specialist.
