

User Manual

Puluz Accessory for GoPro HERO12/11/10 Black

Description

The PULUZ PU520B is a foam housing with an integrated windproof cover, specifically designed for GoPro HERO12 Black, HERO11 Black, HERO10 Black, and HERO9 Black cameras. Its primary function is to effectively reduce wind noise during recording. The black housing is precisely tailored to fit the specified camera models. This design ensures robust protection and enhances audio quality in outdoor environments.

Use strictly in accordance with the intended purpose

For safety and certification reasons, under no circumstances shall the product be modified or altered. Utilizing the product for purposes other than those specified may result in damage to the product. Furthermore, improper use may pose safety risks. Thoroughly read the user manual and retain it for future reference. All safety instructions outlined in this manual must be read carefully and strictly observed.

1. This product is not a toy. Keep it out of the reach of children and pets.
2. Protect the product from extreme temperatures, direct exposure to sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not subject the product to mechanical loads.
4. If safe operation is no longer possible (for example, if the product is damaged or not functioning correctly), use must be immediately ceased and the product must be secured to prevent further use.
5. Handle the product with caution. Shocks, impacts, or dropping the product may result in damage.
6. If there are any doubts concerning operation or safety, one should consult a qualified specialist.
7. If you have any questions not addressed in this manual, please contact our Customer Service Department (email: hurt@innpro.pl, website: <https://innpro.pl/>) or consult a qualified specialist.
