Puluz phone holder for tripod

Description

The PULUZ PU448B mount is an accessory designed for mounting smartphones on tripods and selfie sticks. It features standard 1/4-inch threaded holes, allowing it to be attached to a wide range of mounts. Additionally, the integrated cold shoe allows for the attachment of external accessories, such as microphones or LED lights. The mount's design ensures a stable hold on your phone whilst recording or taking photos.

Intended use

For safety and certification reasons, the product must not be modified or altered in any way. If the product is used for purposes other than those described, it may be damaged. Furthermore, improper use may pose a hazard. Read the user manual carefully and keep it for future reference. Please read and follow the safety instructions contained in the manual.
