

User manual

Puluz 8-pin jack omnidirectional condenser microphone for mobile phones

Description

The PULUZ PU615B is a condenser microphone for mobile phones, fitted with an 8-pin jack connector. It features an omnidirectional pattern, allowing sound to be picked up from all directions. The microphone's design allows for adjustment, increasing flexibility in use. It is designed for use with mobile devices.

Intended use

For safety and certification reasons, the product must not be modified or altered in any way. If the product is used for purposes other than those described, it may be damaged. Furthermore, improper use may pose a hazard. Read the user manual carefully and keep it for future reference. Please read and follow the safety instructions contained in the manual.

1. This product is not a toy. Keep it out of the reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapours and solvents.
3. Do not subject the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged or not functioning correctly), stop using it and secure it to prevent further use.
5. Handle the product with care. Shocks, impacts or dropping the product may cause damage.
6. If you have any doubts regarding operation or safety, please consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service department (email: hurt@innpro.pl , website: <https://innpro.pl/>) or another specialist.
