

User manual

Puluz 20 cm ring light for vlogging with monitor clip, phone holder and colour temperature adjustment (black)

Description

The PULUZ PKT3120B ring light, with a diameter of 20 cm (7.9 inches), is designed for vlogging, photography and video recording. It offers three lighting modes and smooth brightness adjustment, as well as dual colour temperature thanks to LED technology. USB-powered, the ring light features a curved design and comes complete with a monitor clip and phone mount, enhancing its functionality.

Intended use

For safety and certification reasons, the product must not be modified or altered in any way. If the product is used for purposes other than those described, it may be damaged. Furthermore, improper use may pose a hazard. Read the user manual carefully and keep it for future reference. Please read and follow the safety instructions contained in the manual.

1. This product is not a toy. Keep it out of the reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapours and solvents.
3. Do not subject the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged or not functioning correctly), stop using it and secure it to prevent further use.
5. Handle the product with care. Shocks, impacts or dropping the product may cause damage.
6. If you have any doubts regarding operation or safety, please consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service department (email: hurt@innpro.pl , website: <https://innpro.pl/>) or another specialist.

Environmental protection

Used electronic equipment marked in accordance with the European Union directive must not be disposed of with other household waste. It is subject to separate collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the environment and human health. The collection system for waste equipment complies with local environmental regulations regarding waste disposal. Further information on this subject can be obtained from your local council, a waste management facility, or the shop where the product was purchased.

The product meets the requirements of the European Union's (EU) New Approach Directives concerning issues related to safety of use, health protection and environmental protection, which identify hazards that should be detected and eliminated.
