Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

## **User manual**

Puluz

Puluz 30 cm rotating display stand (white)

### **Description**

Do you need a stand that allows you to professionally showcase jewelry, watches, handbags, or a collection of figurines? The Puluz rotating stand with a diameter of 30 cm is perfect for use at home, in a store, or in a photography studio. The device rotates 360° and is equipped with a single button for convenient operation. The set includes a micro USB cable that allows you to connect the stand to a compatible device.

### **Safety usage instructions**

You must read and follow the safety instructions contained in this manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product to prevent further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: [hurt@innpro.pl](mailto:hurt@innpro.pl), website: <https://innpro.pl/>) or another specialist.

### **Specification**

Model: PU3049W

Speed: 1 rotation / 35 seconds

Diameter: 30 cm

Height: 5.8 cm

Weight: 1232 g

Load capacity: 5-10 kg

Color: White

Manufacturer: Shenzhen SUNSKY Technology Limited

Address: 8/F, No.614 Building, Bagua 1st Road, Futian District, Shenzhen

## ENVIRONMENTAL PROTECTION

Waste electrical and electronic equipment marked in accordance with the European Union directive must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting waste equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this matter can be obtained from the municipal office, waste management facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, which identify hazards that should be detected and eliminated.
