

Photo belt Puluz with selfie stick for sports cameras (DJI Action, GoPro, Insta360)

Puluz · EAN 5905316141261

Machine translation from Polski. In case of doubt the manufacturer's original manual prevails.

User Manual

Puluz

Puluz Photo Belt with Selfie Stick

Description

Create even better videos while running, cycling, or mountain climbing. The Puluz selfie stick belt allows you to gain an unusual perspective and capture spectacular shots without having to hold the camera in your hands. The selfie stick is equipped with a universal 1/4" thread, making it easy to attach a range of popular action cameras or a smartphone holder.

Safety Instructions

Please read and follow the safety instructions contained in this manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Environmental Protection

Used electronic equipment marked in accordance with the European Union directive must not be placed together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this topic can be obtained from the municipal office, waste management facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning issues related to user safety, health protection, and environmental protection, specifying hazards that should be detected and eliminated.
