
Selfie stick/ tripod Puluz with LED light ring

Puluz · EAN 5905316141384

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User manual

Puluz selfie stick/tripod with LED ring light

Description

The Puluz tripod with LED ring light perfectly illuminates your face while recording videos or taking photos. You can also convert the tripod into a selfie stick and conveniently take pictures using the Bluetooth remote. With 3 lighting modes to choose from and adjustable brightness, you can easily match the light to your requirements. The device is exceptionally lightweight, and thanks to its foldable and portable design, you can take it with you anywhere.

Intended use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product to prevent further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specifications

Model: TBD0595696701A

Environmental protection

Waste electrical and electronic equipment marked in accordance with the European Union directive must not be disposed of with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The waste collection system complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this topic can be obtained from the municipal office, waste management facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning issues related to user safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.

Battery information:

Category: Portable battery

Type: Lithium-ion battery (Li-ion)

Net weight: 0.0027 kg

Exceeded permissible cadmium content (0.002%) or lead (0.004%): no

Battery capacity: 130 mAh

Power: 0.00048 kWh
