User Manual

Puluz Light Box 30 cm LED 24-26lm (PU5032B)

Description

The Puluz PU5032B light box is the perfect tool for photographers, crafters, or sellers. Equipped with LED lighting, it allows you to take professional photos of small items. The product is easy to assemble, and when folded, it is handy and compact. Special handles make it easy to carry. A high CRI rating of Ra97 ensures that the photographed items will look beautiful and natural, allowing you to successfully list them for auction, showcase them on social media, or sell them in your online store.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may damage the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. You must read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
