User manual

Wireless microphone Puluz PU3150B Lavalier Lightning Type

Description

Create recordings in good quality. The Puluz omnidirectional microphone effectively captures sound in a 360° range, and the built-in chip eliminates background noise. It features a range of up to 20 m and is compatible with iPhones and iPads. The receiver is equipped with a Lightning port and allows for simultaneous recording and charging of the device. Additionally, a special clip enables the microphone to be attached to clothing.

Intended use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product to prevent reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specifications

Microphone:

Microphone sensitivity: -35 dBm

Environmental protection

Waste electrical and electronic equipment marked in accordance with the European Union directive must not be placed together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The waste collection system complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.

Simplified declaration of conformity

Manufacturer: Shenzhen SUNSKY Technology Limited

Address: 8/F, No.614 Building, Bagua 1st Road, Futian District, Shenzhen Product: Wireless microphone PU3150B

Radio frequency: 2400MHz-2480MHz
