Machine translation from Polski. In case of doubt the
manufacturer's original document prevails.

Puluz Lens Cover PU895B DJI Osmo Pocket 3

User Manual

Description

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may damage the product. Additionally, improper use may pose hazards. Read the user manual carefully and keep it for future reference.

Safety Instructions

Read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, fumes, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation or safety of the product, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office or another specialist.

1. The lens cover reduces interference caused by strong light and protects the lens from collision with foreign objects while photographing.
2. High-quality ABS material, excellent workmanship, and good texture
3. Lightweight design, easy to install and remove,
4. Precise mold opening and design fitted to the body do not affect the operation or rotation of the gimbal.
5. The enlarged opening design provides a light-blocking effect without affecting photography with the lens.

Note: After installation, turn on the camera and adjust the gimbal. Try selecting FPV mode; otherwise, it may affect recording.
