Metal Protective Cage PULUZ For DJI OSMO Pocket 3 (PU930B)

Description

Choose the PULUZ metal protective cage and enjoy excellent protection for your DJI OSMO Pocket 3 camera during every adventure! The robust construction of the cage effectively protects the camera from damage caused by falls or impacts. Made from high-grade aluminum alloy, it provides excellent heat dissipation performance, preventing the camera from overheating, allowing you to record longer without worries about failures. The wide compatibility allows you to expand the functionality of your camera – simply use the 1/4 inch thread on the bottom to connect various photographic accessories, selfie sticks, mounts, or tripods.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference.

Safety Usage Guidelines

You must read and follow the safety guidelines contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.

6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.

7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
