Puluz · EAN 5907085526409

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

## User Manual

### Puluz 3-in-1 Protective Film for Insta 360 Ace Pro 2

#### Description

The Puluz protective film effectively protects the camera display from scratches and minor mechanical damage. Thanks to a special production process, its surface is exceptionally hard and resistant to daily use. The film uses static technology, which means easy installation without air bubbles and secure adhesion to the screen. High transparency at 99.5% ensures that the image from the camera remains clear and the colors natural.

#### Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), stop using it and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: [hurt@innpro.pl](mailto:hurt@innpro.pl), website: <https://innpro.pl/>) or another specialist.
