## User Manual

### Puluz Protective Case for DJI Mic Mini

#### Description

Puluz PU744B is a practical protection for the DJI Mic Mini, safeguarding it against mechanical damage and dirt. Made from flexible, eco-friendly silicone, it absorbs shocks in case of a fall. It allows charging without the need to remove the case — thanks to open access to the port. The material is resistant to stains and dust, and can simply be washed under running water if needed. The package also includes a practical carabiner that makes it easy to attach the case with the microphone to a bag, strap, or backpack.

#### Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product to prevent further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: [hurt@innpro.pl](mailto:hurt@innpro.pl), website: <https://innpro.pl/>) or another specialist.
