

Τρίποδο Puluz για αθλητικές φωτογραφικές μηχανές (1.4m)

Puluz · EAN 5907085526485

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Puluz Tripod for Sports Cameras (1.4m)

Description

The Puluz tripod successfully replaces two separate accessories – a selfie stick and a tripod. It will be useful not only during sports recordings but also in everyday content creation – for example, during live broadcasts, preparing materials for social media, video calls, etc. Moreover, when combined with an Insta360 camera, the selfie stick remains invisible in recordings.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards.

Carefully read the user manual and keep it for future reference. You must read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), stop using it and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Environmental Protection

Used electronic equipment marked in accordance with the European Union directive must not be placed together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health.

The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste disposal facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning issues related to safety of use, health protection, and environmental protection, identifying hazards that should be detected and eliminated.
