User Manual

Puluz Waterproof Housing for Insta360 X5 Camera

Description

The Puluz waterproof housing has been designed for full compatibility with the Insta360 X5 camera, ensuring its safety even in extreme conditions. It features exceptionally high light transmission, a scratch-resistant PMMA lens with an anti-reflective coating, a solid housing made of hardened PC material, and waterproofing up to 60 meters deep. Thanks to its design that eliminates dead zones and the use of high-quality materials, this accessory is perfect for diving, swimming, and other water sports, guaranteeing full functionality of the camera and clarity of recordings.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
