## User Manual

### Puluz Lens Covers for Insta360 X5 Camera (snap-on)

#### Description

Puluz lens covers are an indispensable accessory for owners of the Insta360 X5 camera who want to effectively protect their device without compromising the quality of recorded images. Made from durable PC material and optical tempered glass, they guarantee resistance to pressure and corrosion. The 9H hardness glass protects against scratches, and thanks to the AR coating, light transmission reaches up to 98%, ensuring maximum clarity. An additional hydrophobic coating prevents water droplets from settling, and the quick snap-on installation makes setup fast and hassle-free. Take care of your Insta360 X5 camera and enjoy the highest image quality in any conditions.

#### Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product.
