User Manual

Puluz Lens Covers for Insta360 X5 Camera

Description

Take care of the quality of your shots and the safety of the lenses of the Insta360 X5 camera with professional Puluz lens covers. Made from high-quality tempered optical glass, they offer an impressive hardness level of 9H, effectively protecting against scratches. Thanks to advanced coatings (anti-reflective AR, hydrophobic, and anti-fog), they provide a clear, unobstructed image even in difficult conditions. They are resistant to high temperatures, and their installation is quick and tool-free. Their lightweight and compact dimensions make them ideal for travel.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), stop using it and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
