User Manual

Adjustable Chest Strap Puluz PU26 for GoPro, Insta360, DJI, and other action cameras

Description

The chest strap with a J Hook mount is a practical accessory that is suitable for various outdoor activities. Whether you are skiing, mountain biking, engaging in water sports, or motocross – this mount allows you to securely attach your camera or other accessories, providing freedom of movement and dynamic shots. Thanks to its thoughtful design, it does not interfere while wearing and can become an invaluable support during dynamic adventures.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
