

Μετριάσμένο γυαλί puluz DJI Osmo 360 (διαφανές)

Puluz · EAN 5907085529141

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Puluz Tempered Glass for DJI Osmo 360 (Transparent)

Description

The Puluz tempered glass designed for the DJI Osmo 360 provides reliable screen protection against scratches, impacts, and dirt. With a hardness level of 9H, it effectively safeguards the display without affecting image quality or touch sensitivity. This is the perfect solution for filmmakers operating in various conditions!

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
