User manual

Puluz camera harness for camera PU6002

Description

Made of high-quality nylon, the camera harness is extremely durable. It allows you to carry two cameras simultaneously. You can easily and quickly detach the cameras and always use the one you need at the moment. Thanks to the use of high-quality foam, the harness is incredibly comfortable to wear, even for many hours. It evenly distributes the weight of the camera, without straining the spine.

Intended use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may damage the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
