User Manual

Puluz 30cm LED Light Tent (PU5030)

Description

Discover how simple and quick it is to take perfect photos of objects. The Puluz light tent is designed to create high-quality, shadow-free images of various items. The entire set is ready to use right out of the box, and its assembly takes just a few minutes. It is portable, allowing us to use it both outdoors and indoors, whether at home or in the office. The product will meet the expectations of even the most demanding users. You do not need any additional accessories to create shots – just a camera or smartphone.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), stop using it and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
