User manual

Puluz

Puluz clip-on Jack microphone PU424 1.5m 3.5mm Jack

Description

The PU424 is equipped with a high-quality capacitive core, ensuring that the sound received is clear and free of interference. The omnidirectional microphone captures sound from all directions and is highly sensitive to voice recognition. Additionally, with the noise reduction feature, the device suppresses background noise, resulting in crystal-clear sound. The recommended distance for sound pickup is up to 20 cm. Furthermore, the device is energy-efficient.

Safety usage instructions

Read and follow the safety instructions contained in this manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Included in the package

Condenser microphone x1
Furry windscreen x1
Foam windscreen x2
Clip x2
Case x1

Specification

Model: PU424
Microphone core: 6.0x2.7 mm
Frequency range: 20-16000 Hz
Plug: Gold-plated, 3.5 mm
Sensitivity: -34 dB +/- 3 dB (0 dB = 1 Pa)
Directionality: Omnidirectional with dual capacitance
Signal-to-noise ratio: >60 DB SPL
Impedance: <2.2 Kohm
Cable length: 1.5 m

Cable: PVC (sheath)

Manufacturer: Shenzhen SUNSKY Technology Limited

Address: 8/F, No.614 Building, Bagua 1st Road, Futian District, Shenzhen

ENVIRONMENTAL PROTECTION

Waste electrical and electronic equipment marked in accordance with the European Union directive must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with local environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.
