Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User manual

Puluz live recording kit tripod + LED lamp + phone clamp PKT3131B

Description

The Puluz tripod is useful for anyone who wants to capture a special moment. The rubber feet of the device ensure frame stability and a constant shooting angle, while the LED lamp provides adequate lighting. With the ability to adjust the color temperature of the light, every scene will gain exceptional clarity. The simple design and easy-to-use clamp allow for quick repositioning.

Intended use

The device is intended for indoor use only. Using it outdoors is not permitted. It is essential to avoid contact with moisture, for example in bathrooms, etc. For safety and certification reasons, the device must not be modified or altered in any way. If the product is used for purposes other than those described, it may be damaged. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference.

Safety usage instructions

Please read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Manufacturer: Shenzhen SUNSKY Technology Limited

Address: 8/F, No.614 Building, Bagua 1st Road, Futian District, Shenzhen

ENVIRONMENTAL PROTECTION

Waste electrical and electronic equipment marked in accordance with the European Union directive must not be placed together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The waste collection system complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this topic can be obtained from the municipal office, waste management facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.
