S-A7-V1-2112

A7 | SHIFTER

USER MANUAL

For PXN Racing Wheels

- 1 Plug the Shifter into PXN racing wheel with male aviation plug to RJ11 registered jack cable.
- 2 The Shifter red indicator will remain ON when connection is successful, and the shifter can be used now.
- 3 Place the shifter horizontally in an appropriate position.
- 4 Rotate the screw cap to tighten the Shifter.

For PC

- 1 Plug the Shifter into PC USB port with male aviation plug to USB cable.
- 2 The Shifter red indicator will remain ON when connection is successful, and the shifter can be used now.
* In the games of D-input category, the games will recognize both steering wheel and shifter separately. The shifter can be used by setting it in the games.
- 2 Place the shifter horizontally in an appropriate position.
- 4 Rotate the screw cap to tighten the Shifter.
