Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

Filters for the fountain/drinker 2.5L Rojeco RYSJBJ-5k

User manual

Brand: Rojeco

The 2.5L Rojeco RYSJBJ-5k fountain filters provide pets with a constant supply of clean and healthy water. The multilayer construction removes impurities, hair, dust particles, and heavy metals, improving the taste of the drink and encouraging the pet to drink more frequently.

Specification:

Manufacturer Rojeco

Model RYSJBJZ-LX3

Compatibility Rojeco 2.5L fountain/drinker

Material Non-woven fabric, activated carbon from coconut shells, resin

Ion exchange material

Filter diameter 13 cm

Precautions:

Warnings and safety information

All information regarding the use of the product can be found in the user manual. Before you start using it, familiarize yourself with its content and follow the instructions provided.

Also, review the following information before use:

Usage warnings

Risk of product damage:

- ☐ Products should only be used for their intended purpose as described in the user manual.
- ☐ Regularly check the condition of devices and accessories, such as collars, beds, soap dispensers, or filters, for damage or wear. In case of visible damage, discontinue use of the product to avoid hazards to pets.
- ☐ Electronic components (e.g., anti-bark collars, temperature-regulated beds) should be

used according to the manufacturer's recommendations and should not be overheated or overloaded.

Hazard to pets:

- Products intended for pets must be appropriately sized for their size and weight. Improper use may cause discomfort or injury.
- For electronic devices (e.g., anti-bark collars), follow the manufacturer's instructions to avoid causing excessive stress to the pet.
- Regularly replace filters in devices such as drinkers to ensure proper water quality for the pet.
- Grooming products, such as dryers or soap dispensers, should be used gently to avoid skin irritation for the pet.

Hazard to children:

- Products intended for pets, especially electronic ones (e.g., cameras, collars), are not toys. Keep them out of reach of children.
- Do not allow children to use products without adult supervision, especially during joint grooming or play with the pet.

Risk associated with electronic components:

- Regularly check the battery or power status in electronic devices (e.g., lasers, temperature-regulated beds). If the batteries are depleted, replace them according to the manufacturer's recommendations.
- Do not expose electronic devices to water or moisture unless they are marked as waterproof.
- Do not use devices with damaged wires or power supplies.

Information on Proper Use

Recommendations for Use:

- Before first use, familiarize yourself with the user manual. Ensure that the product is assembled and configured according to the manufacturer's recommendations.
- For electronic devices such as collars, cameras, or temperature-regulated beds, ensure they are properly set up and safe for the animal.
- Filters in devices such as water dispensers should be regularly replaced to maintain hygiene.

Maintenance and Storage:

- Products should be stored in a dry and clean place, free from moisture and extreme

temperatures.

- ❑ Electronic devices should be turned off when not in use to save energy and extend their lifespan.
- ❑ Regularly clean accessories according to the manufacturer's recommendations. Use soft materials and mild detergents, avoiding harsh chemicals.

Battery Safety:

- ❑ Use only batteries recommended by the manufacturer.
- ❑ Used batteries should be disposed of in accordance with local environmental protection regulations.
- ❑ If the device will not be used for an extended period, remove the batteries to prevent leakage.

Additional Precautions

Adjustment to the Animal:

- ❑ Regularly check that products such as collars or beds are comfortable and properly fitted to the animal.
- ❑ Observe the animal's reactions to new devices or accessories – if you notice signs of discomfort, discontinue use.

Damage and Service:

- ❑ Any repairs to electronic devices should be carried out only at authorized service points.
- ❑ Do not make modifications to products yourself, as this may affect their safety and functionality.

Declaration of Conformity

The products have been designed in accordance with the safety requirements specified in Regulation (EU) 2023/988 and meet the relevant technical standards, including those concerning the safety of materials and moving mechanisms.
