Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Brand: Rojeco

Product: Cooling Insert for Rojeco RWSQ-07 Dispenser

Description

The set includes one cooling insert for the Rojeco RWSQ-07 smart pet feeder. To keep the food fresh for as long as possible, store the insert in the freezer for at least 6 hours before placing it in the dispenser – the recommended temperature is -18°C.

*Note:

Do not freeze the ice packs in an upright position, as this will cause them to bulge. There is no need to use ice bags for dry pet food. Environmental factors affect the freshness retention of ice packs.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may damage the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference.

Safety Usage Guidelines

Please read and follow the safety guidelines contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.

6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.

7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
