Energy Meter SHELLY EM Mini Gen4 2 pieces

User Manual

Description

Monitoring energy consumption has never been easier. The set of two Shelly EM Mini Gen4 energy meters allows you to continuously monitor the power consumption of devices with a load of up to 16 A. The compact design facilitates installation behind existing wall switches and sockets, and support for multiple communication standards ensures that the devices easily integrate into almost any smart home system. This practical solution is for those who want greater control over their installation while maintaining the freedom to choose their favorite ecosystem.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may damage the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification:

Manufacturer: Shelly
Model: EM Mini Gen4 2-pack
Maximum load: 16 A
Operating voltage: 240 V AC (alternating current)
Chip used: Shelly
Wireless connectivity: Wi-Fi, Zigbee, Bluetooth
Smart home standard: Matter (certified)
Compatibility: Matter ecosystems
Dedicated app: Shelly Smart Control
Automation features: schedules, scenes, local actions
Support for custom schedules: yes
Support for custom scenes: yes
Script support: mJS
Supported protocols: HTTPS, MQTTS, WebSockets
Signal amplifier function: Wi-Fi and Zigbee
Gateway function: Bluetooth
Color: White
Frequency for Wi-Fi: 2412 - 2472 MHz
Zigbee: 2400 to 2483.5 MHz
BT: 2402 - 2480 MHz

Environmental Protection

Used electronic equipment marked in accordance with the European Union directive must not be disposed of with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning issues related to safety of use, health protection, and environmental protection, identifying hazards that should be detected and eliminated.
