User Manual

Filter Set for DJI Osmo Action 6 (CPL/ND8/16/32)

Description

The filter set for the DJI Osmo Action 6 camera will give you full control over exposure and image appearance in difficult lighting conditions. Professional optical glass, multi-layer coatings, and precise construction allow you to improve the quality of photos and videos while maintaining natural colors and a high level of detail. The accessories are very easy to install and lightweight – you can always have them on hand. The set includes one CPL filter and three ND filters – ND8, ND16, and ND32.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may cause damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. You must read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
