Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Sunnylife Propeller Stabilizer for DJI Mini 5 Pro (Orange)

Description

The multifunctional Sunnylife stabilizer not only stabilizes the propellers but also protects the lower part of the drone and the most important vision systems during transport. Its thoughtful design, lightweight materials, and quick assembly make it a practical solution for users who regularly transport their equipment and want to minimize the risk of damage. The accessory has been specifically designed for the DJI Mini 5 Pro model – it fits perfectly with its structure, ensuring stable mounting and not putting pressure on delicate components.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), stop using it and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
