User manual

Sunnylife Gimbal Protector for Mini 5 Pro

Description

The Sunnylife protector for the DJI Mini 5 Pro is designed as an integrated safeguard for the camera, gimbal, and drone vision systems during transport or storage. The one-piece construction protects the most important components from mechanical damage, dust, and scratches. The product is also very easy to install. Additionally, the drone with the protector attached can be safely stored in the original transport case, Sunnylife bags B086, B087, and B088, and in the AQX-24 protective case (not included).

Intended use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Read the user manual carefully and keep it for future reference. The safety instructions contained in the manual must be read and followed.

1. The product is not a toy. Keep it out of the reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product to prevent reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
