User Manual

AQX-23

Description

Sunnylife AQX-23 is a mini hard travel case designed to protect the Insta360 GO Ultra camera. The product features high resistance to shocks and corrosion, ensuring the safety of the equipment in challenging conditions. Made from durable plastic, with dimensions of 125 x 109 x 72 mm and a net weight of 103 g, it is extremely practical for transport. Thanks to the precisely molded interior, the case securely protects the camera and essential accessories from damage. Effective waterproofing protects the contents from splashes, making it an ideal solution for active users.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not subject the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not addressed in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification

Brand Sunnylife

Model AQX-23

Product Type mini hard travel case

Compatibility Insta360 GO Ultra

Material high-strength hard plastic

Waterproofing effectively prevents seepage and leaks during splashes or water spraying

Resistance shock and corrosion resistant

Interior precisely molded inner tray, providing stable holding and protection for devices

Durability high compressive strength and high load capacity

Net Weight 103 g

Gross Weight 127 g

Product Dimensions (L x W x H) 125 x 109 x 72 mm

Packaging Dimensions (L x W x H) 126 x 109 x 73 mm

Storage Capability Insta360 GO Ultra, magnetic clip, magnetic pendant, safety lanyard with quick release, and other accessories

Complete Protection provides comprehensive protection against water, shocks, and corrosion for the Insta360 GO Ultra camera and its accessories
