User Manual

NE2-KC146-GY

Description

The NE2-KC146-GY product from Sunnylife is a specialized propeller guard designed to protect the DJI NEO 2 drone. These protective rings feature an ultra-lightweight construction, weighing only 9 g, which minimally affects flight stability. They are equipped with TPE anti-collision straps that enhance their durability and effectively protect the propellers from damage. This is a precisely made accessory, ensuring a perfect fit for the specified drone model. The NE2-KC146 product is durable in use and ready to protect your equipment.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product to prevent further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
